

Thank you for choosing **Woodland Pet Services** (herein referred to as 'WPS')! This emergency action plan is designed to highlight the key steps that a WPS Trainer/Handler will take in the event that an accident or injury occurs. In all circumstances, WPS Trainers/Handlers will carry a charged mobile phone with the What3Words app installed, have access to an appropriate First-Aid kit, be within walking distance of a parked vehicle for transportation and maintain emergency contact details for clients and their preferred veterinary surgeries in an accessible cloud storage location.
